

SMME Digital Skills Transformation Programme

The Department of Communications and Digital Technologies (DCDT) in partnership with Huawei is offering an online 3-day SMME digital skills transformation programme exclusively to SMMEs on Cloud technologies focusing on Cloud computing introduction, Huawei cloud introduction, Cloud Services Introduction, and hands-on practice. The participants of this training will also be offered training on digital marketing at a date that will be confirmed with them.

Dates: 14 – 16 August and 4 – 6 September 2023
(participants will be assigned to one of the two sessions)

Time: Daily from 9h00 – 16h00

Venue: **Online platform**

(link for the training will be shared with those who successfully confirm by registering on the form provided on the link below, on or before the 4th of August 2023):
